

Every Child Deserves To Be Safe and Secure After School

Unfortunately, Child Care is a "Luxury" Many Parents Cannot Afford

Dear Hidden Hills Elementary School Parents,

As a father it breaks my heart to think of Hidden Hills students going home alone because their parents just can't afford after-school care. Our kids are simply too young to be "latch key" children! As the Chairperson of our school's YMCA Parent Advisory Committee, I want to be a part of the solution.

The YMCA provides a high-quality before- and after-school child care program right here on our campus. Financial aide is available for eligible families. The money for that financial aide comes from our Committee's on-going fundraising efforts.

Refer a Home Buyer or Seller to Me & I'll Donate 10% of My Commission to the YMCA Campaign

I've been serving South Orange County as a Realtor for over 15 years. I'm known for my integrity, deep desire to help others, high level of expertise in Real Estate contracts and negotiations... and ability to sell houses.

If you know of anyone who is looking to buy or sell a home please send them my way and have them mention this fundraiser. Once the transaction closes I'll donate 10% of my earned commission directly to our school's YMCA campaign.

Sincerely,

Kai Andersen
