

# WHY ONE-ON-ONE TRAINING IS SO EFFECTIVE

Working one-on-one with a professional and patient software training specialist will enable your staff members to learn...

- » Both the “how” and the “why”
- » Through a hands-on approach
- » On their own computer
- » In their own learning style
- » In a positive environment
- » Without embarrassment

... so that they can succeed on their own.

## A Small Investment that Yields Big Results

Boost your organization’s productivity and profitability by ensuring that every member of your team has the software skills they need to succeed. Call the software training experts at iTutor Computers for customized one-on-one training on all the most popular PC and Mac software programs. *Call Now!*
